Mr. and Miss North Side

Kevin Thompson — Lydia Paredes

Kevin Thompson

Kevin Thompson and Lydia Paredes Carry on Family Tradition by Being Elected Mr. and Miss North Side

Lydia Paredes

Kevin Thompson is the second young man in his family to be elected Mr. North Side. Calvin an older brother, was Mr. North Side six years ago. Since Kevin came to North Side he has distinguished himself in several areas. He has been class president his junior and senior year. He is a member of the National Honor Society and a National English Merit Award winner. When Kevin was a freshman, he was awarded the Ann Brannon Award for Science, when a sophomore, the same award for Chemistry. Last year Kevin traveled to Washington, D.C. as a participant in the Close-Up program, a seminar study of our government at work. Kevin, in his junior year, served as a member of an advisory group who counseled J. P. Elder concerning drugs. Kevin lettered two years in basketball and one year in football. Kevin Thompson is the yearbook editor and, surprising to no one, he was elected Most Likely To Succeed by the North Side student body.

Two years ago, Lydia Paredes' older brother Benny was chosen Mr. North Side. This time it is his sister's turn to be honored with the title Ms. North Side. Lydia has been very active in many phases of school life. She is a two-year National Honor Society member and is parliamentarian of that group. She is a two-year member of Future Business Leaders of America. She is District Parliamentarian and State Secretary for F.B.L.A. Lydia has represented her class for two years in the Student Council. As a senior she won a National Merit Award for English. She also is the recipient of the D.A.R. award for North Side. Lydia Paredes is a member of the yearbook staff and the North Side and was a member of the North Side Key Club for one year. While at North Side, Lydia has participated in several athletic activities. She has run track and cross country for three years. She has lettered in basketball for three years. In school elections, Lydia was chosen Homecoming Princess and runner-up for Most Athletic. She was also selected as the Most Attractive girl at North Side. Clearly, her Ms. North Side honor is well-deserved.

Math

Francisco is one of eight young adults who are now taking calculus and one of six who are taking not only calculus but also elementary analysis. These are the highest mathematics we offer at North Side. I feel that all of them should be commended for their scholastic efforts. Francisco, however, has the best grasp of the subject matter, and he is the quickest to visualize any new concept that is presented to them. He is simply an excellent mathematician.

— Lynda Wallace

Francisco Cervantes

Kai Lewin

Science

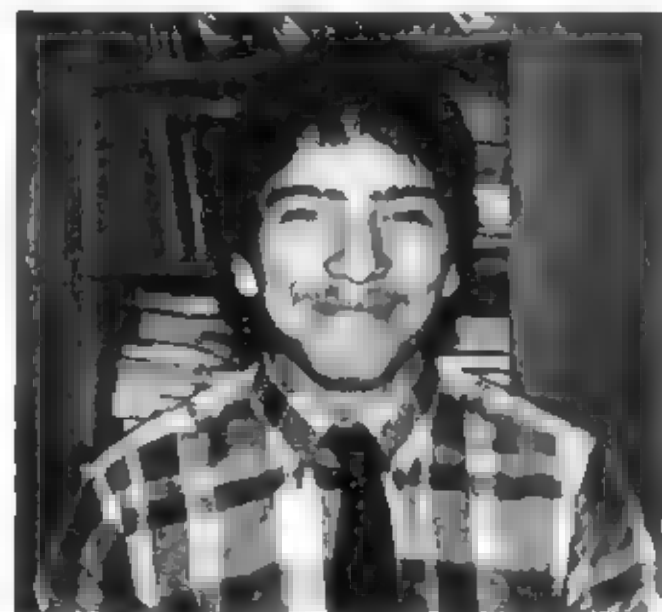

Kai Lewin is a very intuitive and gifted science student. She quickly learns difficult concepts and is able to apply them.

Because of Robert Esparza's interest in the automotive field, he has really become a good mechanic. It's been a pleasure to teach Robert and I surely hate to lose him. Robert will probably not go into auto mechanics when he graduates, but the training he received he will use the rest of his life. We admire Hermelinda's commitment to learning and we hope that she reaches her goal to go to college and get a degree in education or social work.

— Yolanda Rodriguez

Mariachi

Susie Olmos. Being part of the Mariachi Band is quite demanding. We practice not only every day at North Side High, but also rehearse with J. P. Elder Mariachi every Saturday morning. In addition to this the Mariachi performs nearly every weekend in order to raise funds for uniforms, field trips, and assist other non-profit organizations. Susie rarely misses a rehearsal or performance and has demonstrated a consistency of leadership and musicianship qualities as well. For these reasons she has been selected by her teacher and classmates as the outstanding student of the North Side Mariachi Class.

— William Geadante

Faculty Who's Who

National Honor Society's "Teacher of the Year" John Peterson

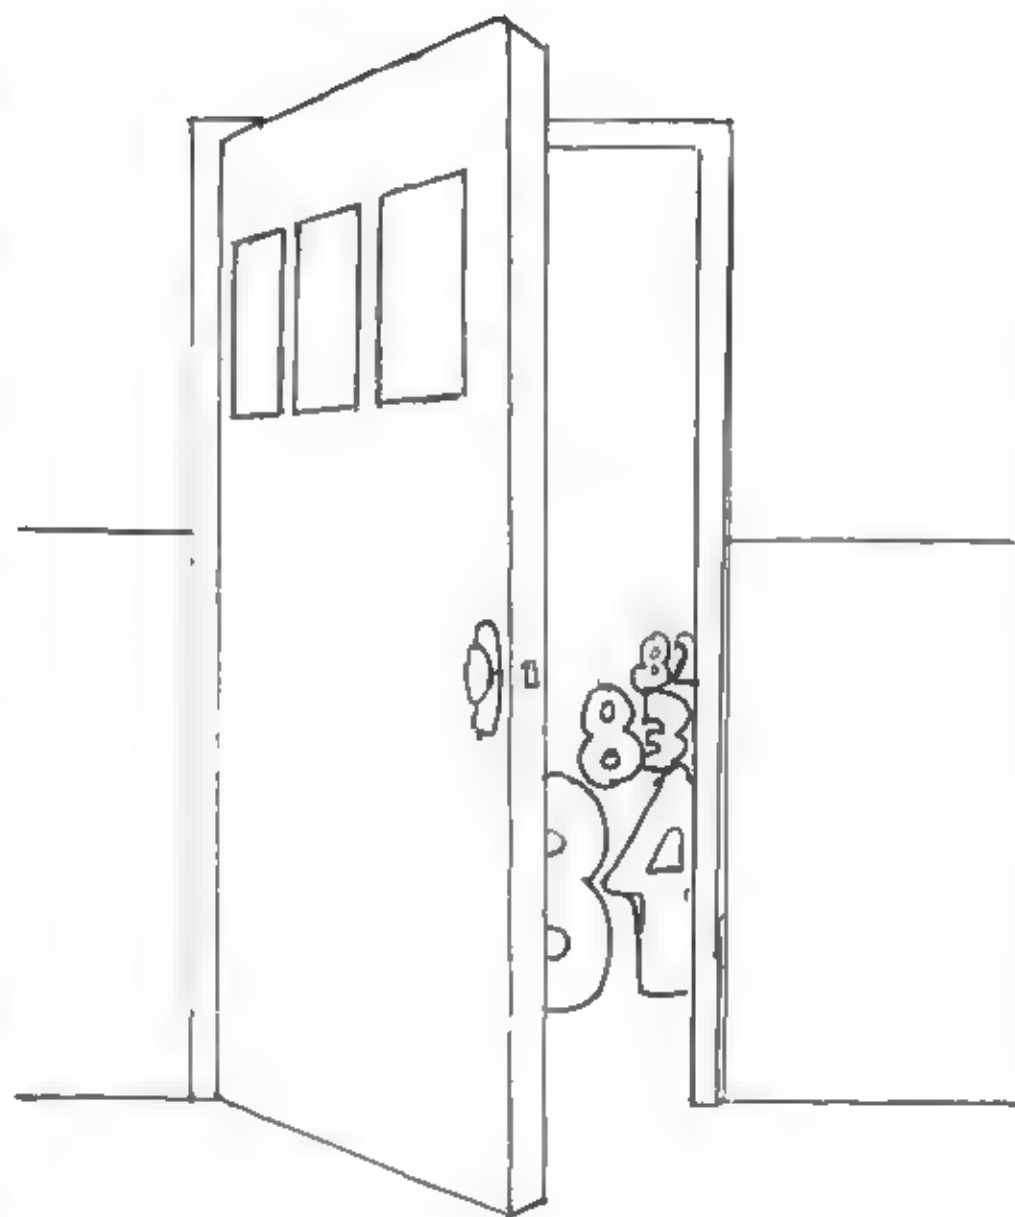

Mr. John Peterson was elected teacher of the year by the honor students of North Side. He has been a member of the North Side High School faculty for six years. During these years, Mr. Peterson has taught General Physical Science, Biology, Adv. Biology, Chemistry, Adv. Chemistry, and Physics. He is also coach of the North Side Tennis Team.

Mr. Peterson is not only a teacher to the student body, but also a friend. He not only helps students in his class, but in their other classes as well. Because of his understanding of the students, he knows when the tension in class is high. Furthermore he is capable of breaking the tension with his wittiness and great sense of humor.

Mr. Peterson has been an important influence to past graduates, as well as future graduates of North Side High School. The encouragement and confidence he has given students throughout the years, is one that will never be forgotten by each individual. This honor given to Mr. John Peterson is one well deserved.

Thank you for your help and support. — Gloria and Lydia Paredes
